

Dear Warren -

I think I could fill up quite a few pages here - but I won't. I've always liked you - way back in '44 - and the summer that I went with you is something I will

REPRESENTATIVE

always remember. I'm so proud of all your accomplishments - & I'm

JUNIORS

proud to have my picture on the same page as yours.

I'll bet you made a grand Kappa Gamma president - that's another accomplishment!!! It's nice to know I'll have another school year

to know you in - keep on going places - The little gold bracelets I still wear will

always remind me that I know one of the best fellows there is to know

Warren Caldwell!

Love,
Jeanne
