Palo Alto College Annual Security Report Certification Statement

This letter is to inform the Department of Education and the Clery Act Compliance Division (CACD) that Palo Alto College (PAC) certifies that the 2012, 2013, and 2014 Annual Security Reports were distributed in accordance with the Clery Act. We also affirm that PAC understands its Clery Act obligations and that it has taken all necessary corrective actions to ensure that these violations do not re-occur.

PAC also understands that any failure to publish and distribute an accurate and complete ASR deprives students and employees of important campus safety information to which they are entitled. We are committed to re-examining our campus safety and general Title IV policies and procedures on an annual basis to ensure that they continue to reflect current institutional practices and are compliant with Federal requirements.

The requested documents are provided with this email that has been sent to you at Stephanie.Akon@ed.gov. This documentation has also been electronically submitted to the CACD at clery@ed.gov.

Documentation provided includes:

1. A copy of the 2012 and 2013 ASRs with proof of active distribution to all required recipients
2. A copy of the 2009-2012 campus crime statistics as originally published in its ASRs and all revisions to these statistics that were made in response to this violation
3. A copy of the 2014 ASR with proof of active distribution to all required recipients; and
4. This certification statement attesting to the fact that the 2012, 2013, and 2014 ASRs (as applicable) were distributed in accordance with the Clery Act.

We certainly understand and expect that the Department of Education may request information on a periodic basis to ensure our compliance with the provisions of the Clery Act.

Respectfully,

A handwritten signature in black ink, appearing to read 'Mike Flores'.
